

MACQUARIE RELATIONSHIP BANKING

## Why Macquarie?

<b>We are the market leader</b>	More strata management firms bank with Macquarie than anyone else. It's a vote of confidence that confirms Macquarie's products and services are the best available to the strata industry.
<b>Secure and dependable</b>	Owners' Corporation funds held in a Macquarie Bank account are secure. They are covered by the three year Federal Government guarantee of bank deposits. This includes all retail deposits such as cheque accounts, at call investment accounts, multi investment accounts, term deposits and trust accounts.
<b>High interest earning accounts</b>	Macquarie offers Owners' Corporations market-leading interest rates on their investment accounts and term deposits across a range of terms.
<b>Pay levies when you want, how you want</b>	The range of payment options Macquarie offers to lot owners is the broadest on the market, including phone and internet payments by credit and debit cards, direct debit, and BPAY®.
<b>Low costs and fees</b>	By offering the most efficient banking technology on the market, Macquarie saves strata management firms time and money, which can only benefit lot owners. Bank fees on accounts are also amongst the lowest on the market. And there's no hidden fees and charges, unlike some of our competitors.
<b>Proven track record</b>	Macquarie's Relationship Banking division has banked strata management firms as a specialisation since 1985, in fact from the very day we got an Australian Banking licence. Our products and services are specifically designed for strata.
<b>Strata specific products and services</b>	Macquarie's strata banking technologies are the most efficient on the market. Owner's corporations benefit greatly when their strata managers can be focused on maintaining and protecting their investment in property, rather than the administration of bank accounts and payments.

BPAY® Registered to BPAY Pty Ltd ABN 69 079 137 518.
