Macquarie Investment Management Limited (MIML) ABN 66 002 867 003 AFSL 237 492 is the trustee for Macquarie SuperOptions. In deciding whether to invest in Macquarie SuperOptions, you should read the Product Disclosure Statement (PDS) which is available from [www.macquarie.com.au/super](http://www.macquarie.com.au/super). This information does not take into account your objectives, financial situation or needs. Before acting on this information you should consider whether it is appropriate to your situation. We recommend you obtain financial, legal and taxation advice before making any financial investment decision.

Investments in Macquarie SuperOptions are not deposits with or other liabilities of Macquarie Bank Limited or of any Macquarie Group company, and are subject to investment risk, including possible delays in repayment and loss of income or principal invested. Neither MBL, MIML, nor any other member company of the Macquarie Group guarantees the performance of SuperOptions or the repayment of capital from SuperOptions.

MEL may receive remuneration from the issue of the financial products referred to in this advice in the form of fees or commissions which are disclosed in more detail in MEL's Financial Services Guide and in the PDS.

Super.  
Think of it as your  
own pot of gold.

Macquarie SuperOptions

If someone told you that you had a stash of cash hidden away, you would want to have your say about where it was invested. However, most Australians do not give a second thought to the pool of wealth that is likely to be fundamental in determining their lifestyle in retirement – their super savings.

A couple of simple actions now can mean the difference between a modest retirement and a comfortable lifestyle. The great news is that it is simple to set yourself on the path to financial success.

Our goal is to help you get more out of your super savings and achieve your financial goals with less hassle and confusion – simple!

## Easy account management

Many Australians do not know what their super balance is, let alone how it is invested. As super is likely to be one of your most valuable assets in your lifetime, don't you think you should know?

Macquarie SuperOptions has been designed to make viewing and managing your super easier. Your account information can be viewed online anytime. You can access your account balance, your transactions and find great material developed to help you to better understand your super.

## Exceptional service

Our philosophy is simple: when you speak to us about your super, you will speak to a Superannuation specialist. This way you are more likely to get the information and service you need.

Our team can also help you make your super work harder, by helping you find and reclaim your lost super, saving you from paying duplicate fees that eat into your nest egg.

## Effortless investment management

We want your super to be as easy as possible, that's why we offer an automatic rebalancing service. The automatic rebalancing service regularly reallocates your investments according to benchmarks you have established for the individual investment options within your account. This means that regardless of the performance of each investment option, your account will generally be in line with your investment strategy, saving you time and hassle.

## Intelligent investment combinations

Macquarie SuperOptions gives you access to well researched, leading fund managers. You have flexible options for choosing how to invest your super savings. You can choose a pre-selected investment\* designed to quickly and easily diversify your investments across a range of securities in different asset classes. Alternatively you can hand pick from a range of investment managers and asset classes. It's up to you.

Pre-selected investments	Conservative Balanced Growth
Full investment menu	Cash Fixed interest Hybrid securities Property Australian shares (including small companies) International shares (including specialist) Geared shares

By choosing to hand pick your investments from the investment menu you have the flexibility to create your own individually tailored portfolio from a menu of over 25 investment options, managed by Macquarie and other leading fund managers.

On the other hand you can simply choose an investment mix according to your own needs and goals, by selecting from our range of investment options: Conservative Balanced and Growth.

\*Pre-selected investments are multi sector investment options that give you exposure to a range of securities in different asset classes.
