Macquarie Cash XL
Smart cash solutions made simple

Cash can be the most vital tool in an investor's armoury.

Whether you're parking your cash or waiting for opportunities to arise, you need to maximise your returns.

Macquarie Cash XL is a simple to use, high-rate cash account that helps you make the most of your money, day in and day out. Macquarie Cash XL has been designed to complement your Macquarie Cash Management Account (CMA) or Macquarie Cash Management Trust (CMT) account.

By directing surplus cash into your Macquarie Cash XL account you can make your cash assets work harder, without sacrificing the visibility your adviser needs to manage your investment portfolio.

Stacked in your favour

Interest is calculated daily and paid monthly on every dollar in your account – there are no tiers, no minimum investments and no minimum withdrawal or balance requirements. Your cash – all your cash – works hard. All the time.

Easy to use

To make managing your cash even easier, Macquarie Cash XL is run via a single link to your nominated bank account. You save time and hassle because all deposits and withdrawals are processed through that account by you, online.

Super for super

Macquarie Cash XL may be a suitable high-rate cash option for your self-managed super fund. You can use it to accept super contributions or to hold your cash allocation within the super fund.

Returns and great flexibility

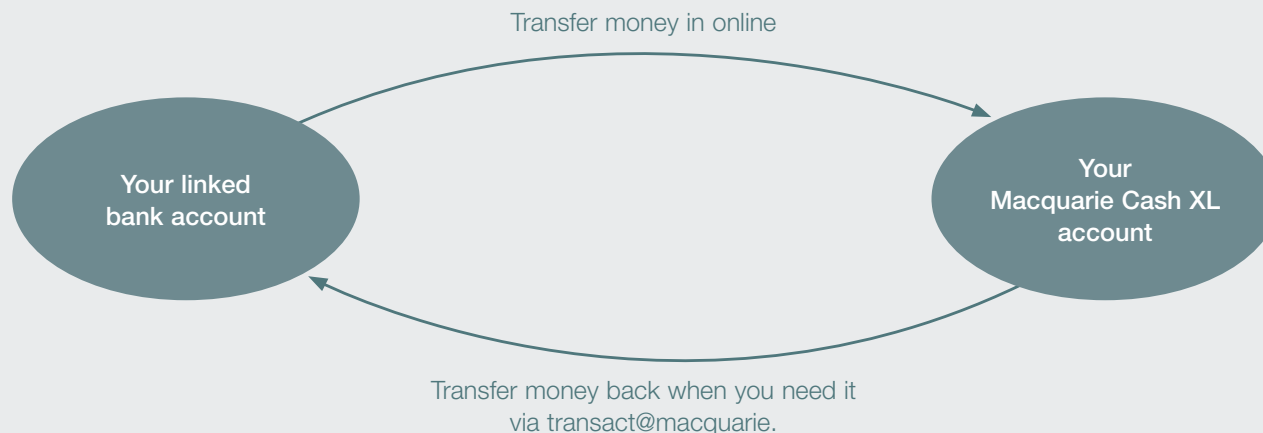

By linking your Macquarie Cash XL account to a high quality cash hub – such as the Macquarie CMA or CMT – you can enjoy the best of both worlds. You get the flexibility of multiple access options through your cash hub, yet you also have the ability to send money across to your Cash XL account when you want to maximise returns.

Help when you need it

Unlike many cash accounts, you can make all the investment information on your Macquarie Cash XL account available to your financial adviser. That gives them a more complete picture of your cash position and enhances the advice they provide.

About Macquarie

The Macquarie Group is one of Australia's most experienced cash managers, setting up Australia's first cash management trust (CMT), the Macquarie CMT, in 1980.
