Providing more pension payment flexibility

After commencing a pension, Macquarie Pension account holders are now able to elect to receive their recurring pension payments on any Business Day of the month.

Your adviser can amend your pension amount, frequency and payment due date online. If you do not have an adviser, you can provide these instructions directly to us.

When your payment date falls on a weekend, public holiday or around end of financial year, we may adjust the payment date to meet legislative requirements or your instructions.

Please note that this feature is only available after commencing your pension. On commencement of a pension, the payment dates will be:

- For fortnightly payments: on or around 14 days after the pension commences, and fortnightly thereafter.
- For all other payment frequencies: on or around the 15th day of the month.

If you have any questions regarding these changes, please speak to your adviser or visit Help Centre at **macquarie.com.au/help**.
