

# Virtual Business Manager form

Macquarie Leasing

Virtual Business Manager is the fast and easy way to arrange finance in your dealership.

Our Virtual Business Manager (VBM) service provides a Macquarie team who can speak to customers to help them arrange their finance, just as your own Business Manager would.

VBM also works as an overflow should your own Business Manager be on leave or is overloaded.

We strive to provide a competitive arrangement and exceptional customer service so that you can continue to maintain a positive relationship with your client.
